

Subject: NGCCA is getting a New Website

After many months of effort, we are finally moving to our new NGCCA web site! The new site addresses several issues our members have identified to us. With this new site you'll have access to update personal and membership payment information. The new site has security features that protect your personal information. We will take care of moving that data from the old site (name, address, contact info, school and after graduation activities) to the new site. As you might expect, we can't migrate your password so you will need to reset that when you go to the new site.

When we make the transition, you'll receive an e-mail directing you to confirm your e-mail with a verification code (see detailed instructions below).

If you have any questions or need assistance, please contact Eric Smith (Membership Director) or Richard Schuetze (Chairman)

<https://NGCCA.org>

Detailed instructions:

You will receive an automated e-mail with a verification code instructing you to confirm your e-mail address. This will happen because we're transferring your information including your e-mail address to the new site. The verification code is only valid for 15 minutes but you can reset it anytime by logging into the new site. Below is an example of the e-mail you'll receive.

-----Forwarded Message-----
From: Ngcca <code-verification@site-members.com>

Subject: Ngcca Verification Code

Confirm your email

Hi ,

Go back to the site and enter this code to confirm your email.

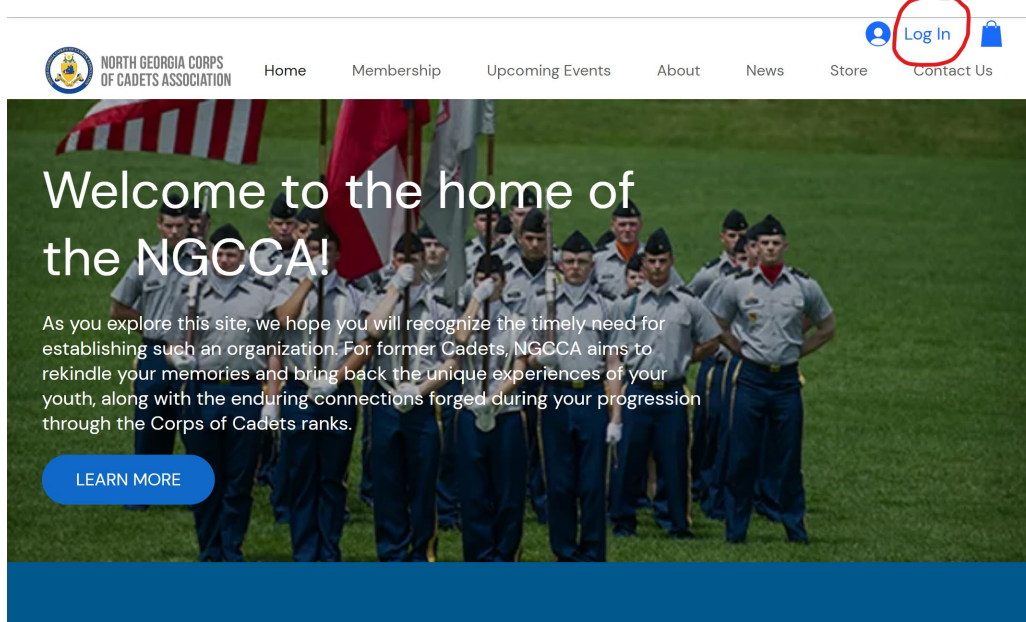

702060

This code is valid for 15 minutes.

This email was sent to awareptc@mindspring.com on behalf of Ngcca, using a notification-only email address that does not accept incoming email. Please do not reply to this email.

Steps to reset your password:

1. Go to [HTTPS://NGCCA.org](https://ngcca.org) This is the new web site:
2. Click "Log in" next to the person symbol in the upper right corner.

3. Click on "Log In" again.

4. Click "Login with e-mail"

6. Enter your e-mail address and click "Reset Password"

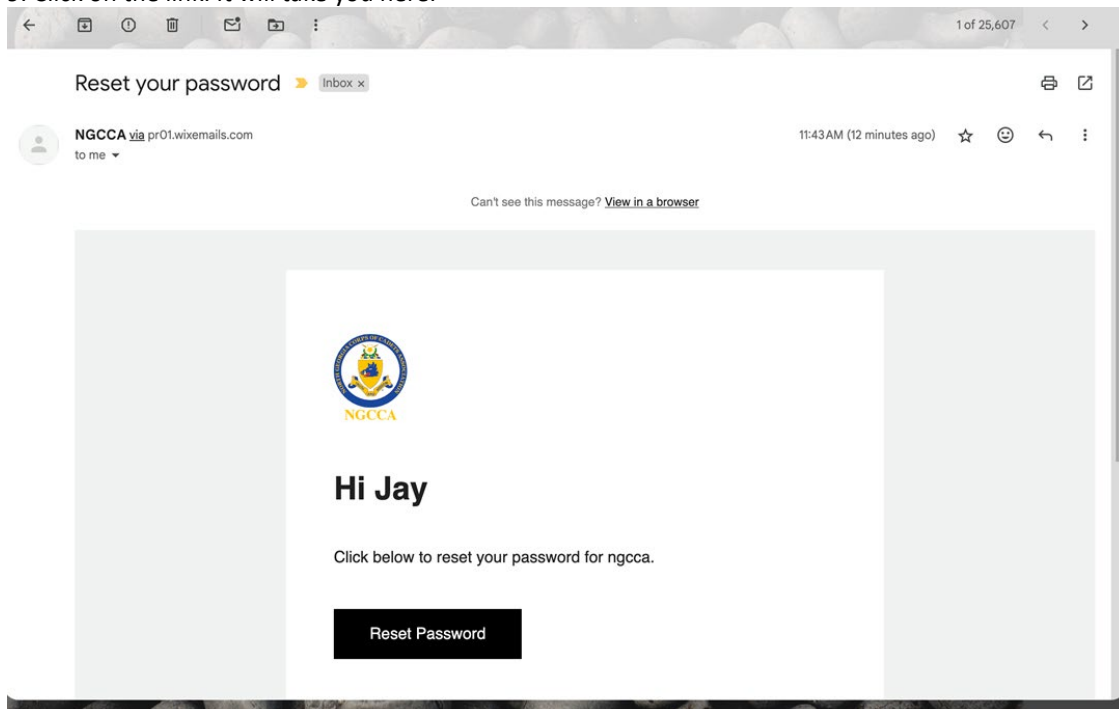

Reset password

Enter your login email and we'll send you a link to reset your password.

Email

Reset Password

7. A message will appear that the reset request was sent and to watch your email.
8. Watch your email inbox -- it should take about 90 seconds to get the email with the link to change the password. (You may need to check in your junk or spam folder depending on your e-mail settings)
9. Click on the link. It will take you here:

10. Click on the "Reset Password" button
11. Type in your new password twice and click "Reset"

You're in business.

Thank you for your patience.
